Large Natural on Fox, Cooke

Mt Fox Cooke City 12/2/2022 Code HS-N-R3-D3-O

Elevation

11000

Aspect

SE

Latitude

45.12120

Longitude

-109.93000

Notes

From IG 12/3: Confirming more of what you saw, lots of large natural avalanches up high. Most notable was this massive slide on fox, looks to have broke 2-6' deep and over 1000' wide. Couldn't quite see the toe from our tour but it looked to have run over 1000' vertical. Never have seen one so large on Fox...
